

TEMPLATING REQUIREMENTS

CATARAQUI GRANITE

We use a very sensitive laster to measure. The following must be done prior to measure date:

SALES REP: _____

TEMPLATE DATE:

___ / ___ / ___ Mon Tue Wed Thur Fri

Arrival time between ____ : ____

INSTALL DATE:

___ / ___ / ___ Mon Tue Wed Thur Fri

Arrival time between ____ : ____

Client must be at the jobsite to approve the job and answer questions.

All cabinets must be installed, level, fastened together, and to the walls. Nothing missing. No obstructions or pets in the kitchen/bathrooms.

Existing countertops must be removed completely.

If Cataraqi Granite will be removing your countertops prior to measuring, plumbing must be disconnected.

Sinks, faucets, and cooktops must be on site at the time of the measure, and have been inspected by the home owner prior to arrival. If fridge and stove are not on site, we will require their installation specifications.
